

3/3/10

To Whom It May Concern;

I have known Camilla Fritze for over 15 years. She first came to me as a part time groom, after three years she ran my barn with 20 horses and a nearly equal number of owners. Eventually she taught and rode for me. After her time with me she went to work for another successful professional horseman in California and was there for an equal amount of time. So she has demonstrated her commitment to being educated about her craft by putting the time in.

She is honest, knowledgeable, well educated and has wonderful people skills. She rides well and has demonstrated a desire for her own continuing education. I highly recommend Camilla for this certification program -- she is a dedicated professional who has worked diligently to be a good rider, a good teacher and a good horsewoman.

Sincerely,
Jonathan Soresi
Professional Horseman
