Re: CAMILLA FRITZE

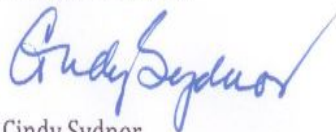

Greetings,

I met Camilla in Texas at a USDF Instructor Certification. I was very impressed with her knowledge and ability. She is a lovely, classically trained rider and an effective instructor. She passed with ease.

I endorse fully her application for this scholarship. I'm sure she will enhance Her skills by working with Lena Wedemark in Florida and transfer her new or renewed knowledge to her students and horses in training.

This is how the skills are passed on from generation to generation. I think we should support Camilla. She deserves this vote of confidence and will surely give back many times.

Warmest regards,
